

Directions

Overview of the route:

Coming from the Airport please turn right at the end of the airport area (①) and follow the road until you reach the bay of Garitsa (see map below). The taxis normally take a different route but that would be more difficult for you. When you reach the bay of Garitsa turn left (②).

Now just follow the road and drive along the sea around Kerkyra (Corfu Town). On your way you can already throw a glance at the two forts in Kerkyra. You will pass the old part of the town and will automatically come by the harbour (③) if you stay on this road.

Coming from the harbour (by ferry) please make a right turn when you reach the harbour exit.

From here the directions are the same no matter if you come by plane or ferry.

Please follow the road along the sea in direction to „Paleokastritsa“. Approximately after 14,5 km you have to turn right at a junction (④) (see map below) over a bridge in direction to „Sidari“ and „Agios Georgios“. Now please follow the road for a while.
