

Directions

Overview of the route:

Coming from the Airport please turn right at the end of the airport area (①) and follow the road until you reach the bay of Garitsa (see map below). The taxis normally take a different route but that would be more difficult for you. When you reach the bay of Garitsa turn left (②).

Now just follow the road and drive along the sea around Kerkyra (Corfu Town). On your way you can already throw a glance at the two forts in Kerkyra. You will pass the old part of the town and will automatically come by the harbour (③) if you stay on this road.

Coming from the harbour (by ferry) please make a right turn when you reach the harbour exit.

From here the directions are the same no matter if you come by plane or ferry.

Please follow the road along the sea in direction to „Paleokastritsa“. Approximately after 14,5 km you have to turn right at a junction (④) (see map below) over a bridge in direction to „Sidari“ and „Agios Georgios“. Now please follow the road for a while.

Right at the city limit of Pagi please turn right (Ⓢ) (downhill) in direction to „Agios Georgios Beach” and follow the road. Now please orientate on the map below.

When you reach the first houses of the village of Agios Georgios Pagi after driving for about 3 kilometers, you will see a yellow villa on the left side of the road after you passed these first few houses in Agios Georgios Pagi. In this villa there is a souvenir-shop and the **car rental agency "Kostas Cars"** (see figure below). Shortly after the car rental agency "Kostas Cars" - almost at the entrance to the next slight right turn of the street on which you are coming from Pagi you have to make a left turn slightly uphill into a small road which leads to Villa Panorama. At this fork there is also a corresponding sign "Villa Panorama". Approximately 350 meters after you have turned into the small road you will see "Villa Panorama" which is painted blue as the last building on the right side of the road. Theofilaktos Avlonitis is waiting for you there. There are parking spaces at the back side of the building.
